This year's Holy Nights Candle-Light Vigil & Carol is the *2nd* such gathering in preparation for the *3rd* Vigil/Carol to come (beginning December 2026), during the 250th anniversary of the founding of our nation.

This Christmas Eve, fellow citizens, near and far (on our shores and beyond) are invited — amidst your celebration with kith and kin — to, as noted, light, together, 1 small candle . . . and consider, within the embrace of your family, the Con-Vocation / Calling-Together that follows, envisioned for 2026.

THE TIME IS AT HAND.

~ ~ ~

On Christmas Eve, 2026, we will gather for the Holy Nights Candle-Light Vigil & Carol at the “Peace Monument”* at the foot of the US Capitol in Washington*, the District of Columbia*, *surrounded* by monuments/memorials devoted to war.

Kindred candle-light vigils/carols will be held concurrently
in state capitals and town centers across our nation and around our world.

The vigils/carols will begin on December 24, 2024 at sun-set in Washington, DC
and across the globe. The vigil/carol will proceed, hourly, through the watches of the
night and early morning to sun-rise . . . *throughout the 13 Holy Nights.*

At dawn and on through the day-lit hours, one and all are encouraged to renew your
commitment to working toward PEACE in your vocations and avocations, our places of
learning & retirement, to kindle together the holy, eternal flame of the heart, on behalf
of All Our Relations — looking toward January 6, Epiphany:

“The Day of the Return of the Light from Above.”

THE PEOPLE, WE, WILL NO LONGER ALLOW OURSELVES TO BE
DIVIDED & CONQUERED. RATHER, WE AFFIRM OURSELVES TO BE:
ONE NATION UNDER GOD, INDIVISIBLE, WITH LIBERTY & JUSTICE FOR ALL.

The Center for American Studies, World Conference of Mayors, Friends of the African Union, The Child of All Nations, Compassionate Action Network, friends of the Friends/Quakers, Bahai, Anthroposophical Society, Waldorf Schools, Twelve Tribes and The Society of the Cincinnati, as well as The Concordium, Coppertino Associates, The New Ecumenism Fellowship, The One People Tribal Nation, Citizens Movement to Revive the Spirit of Public Service, The Bretton Woods Monetary Institute & Festival, The Concord (MA) Ecumenical Fellowship — extend a heartfelt welcome to *all* All-American/All-Human Global organizations, institutions, and fellowships to join us over the Holy Nights in a monumental human memorial to **PEACE** — “a *billion* points of light”.

*“Let me . . . now warn you in the most solemn manner against the **baneful**

Inspired by the miraculous 1914 WWI Christmas Eve Truce/Truth between the Axis and Allied Forces* . . . by the 2014-15 world premier of Iroquois folksinger Joanne Shenandoah’s Christmas song, “ONE WORLD” . . . and, 110 years after the historic WWI truce, inspired further by the Michaelmas, September 29, 2024 **“Rescue Our Republic”** rally in our nation’s capitol with its re-sounding appeal to the Archangel Michael

“WE, THE PEOPLE”

will gather, candles in hand, at sunset on December 24, 2026 at the Peace Monument —

glimpsed above, at the foot of the US Capitol — and in capitols and town centers around our nation and world. *Note: Each location will proceed on the basis of their sun-set and sun-rise times.*

Ashanti [Ennobled] Queen Mother Bernice Atchison*, the *Friends of the African Union's* Presiding Head & Heart, will offer the opening prayer and light the Inaugural Holy-Nights' Vigil Candle.

The opening prayer and lighting is on behalf of the “**Soul of America**,” of the 66,000 Black Farmers of Mother Earth, and in honor of her enslaved forbears, who built the US Capitol itself.

The flame will be passed onto international educator, Patricia Anne Davis*/Loving Peace-Maker, on behalf of her Choctaw-Dine nations and Native Peoples of Turtle Island. Loving Peace-Maker will say an Affirmation Prayer from the American Indian Indigenous lens and sing a Blessed Way chant, uniting the Precious Child of All Nations to live the loving way of life, walking hand in hand together upon our sacred Mother Earth with Father Sky, within the perfect peace and love of Creators sacred breath.

Loving Peace Maker will then pass the flame on to Teresa Romero* (tbc), President of the United Farm Workers, who is invited to offer a sisterly blessing for the Vigil.

Teresa would then pass on the flame of en-couragement to Melanie Trump, who will

pass the flame further to her husband, President Donald Trump, to spread the flame further to their fellow citizens gathered at the monument at the foot of the capitol, candles in hand.

Through the initial sunset hour of the opening December 24th Holy Night Vigil ~ as through those Holy-Night's sun-set to sun-rise hours to come ~ one and all, are invited to kindle together, with prayer and carol, the dawning flame.

That is: May "*We, the People*" resolve to be, become part, an *integral* part, of the long-awaited solution — **a truly *United States and Global Community*** — as opposed to part and parcel of the ongoing problem: partisan politics, divisiveness, enflamed hate, not love of our neighbor.

Surely, the People, We, Can Do Better.

At the end of the first hour of the Vigil/Carol, and on behalf of the "Soul of Russia" and its PEOPLE, President Vladimir and Mrs. Lyudmila Putin are invited — candles in hand at the foot of Washington's "Peace Monument" — to receive, in turn, the 1st Holy-Night flame from the Trumps . . . and to pass the kindling light on to those attending for the second hour with candles in hand, accompanied in spirit by fellow citizens, millions . . . *billions* of "points of light" around our nation and globe.

During the 2nd Christmas eve hour, one and all are invited, with prayers and carols/song in Russian and English, to share the light, before passing the flame on.

On through the night the vigil will continue until sunrise (@ 7:25 am EST), the dawning day, Christ-mas/Weih-nacht/the Night-of-Initiation.

The Holy-Nights Candle-Light Vigil will *pause* through the daylight hours of that 1st day of Christmas, and the accompanying 12 *days* of Christmas, to resume at sunset of the 2nd Holy Night, Dec. 25 at the Peace Monument and in state capitols and city/town centers near and far. Ambassadors and citizens of the nations of the world will re-kindle and pass on the gathering flame.

Safe-guarded by the Intercessor Mother of Mothers, “FULL OF GRACE,” the Candlelight Vigil & Carol will continue through the Holy-Nights on into Epiphany, January 6th, 2027.

The Rising Sun behind the Chair in which Washington presided through the Constitutional Convention

On January 6th, 2027 — “The Day of the Return of the Light from Above” — a few minutes before sunrise, the final flame in Columbia’s own District will be passed onto President Donald & Melania Trump.

*“America is great because America is **GOOD**.
And if America ever ceases to be **GOOD**, she will cease to be great.”*

**Love your enemy.
Bless them who curse you.
Do good to them who persecute you.
Pray for them who spitefully use you and abuse you.**

Indeed, is there an alternative, friends, a truly *practical* alternative? That is, if we can't love our enemy, do we not become the same, the very same?

“We have met the enemy, and they is us.”

*“In the fire of love,” Gandhi reminded us, “the hardest most stalwart opponent must melt. And if he melts not, the love is not hot enough. The only passion [suffering] that one must grace one's opponent with is com-*passion*. For in com-*passion* awakens one's own GOOD.”*

Dr. King takes up the torch: *“Man must evolve for all human conflict a method which rejects revenge, aggression and retaliation. The foundation of such a method is love Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that, **redemptive** love.”*

“Self dedication is a spiritual experience,” Cesar Chavez affirmed, “The end of all knowledge must be the building up of character. We cannot seek achievement for ourselves and forget about progress and prosperity for our community.”

In the dawning hour on “The Day of the Return of the Light from Above,” January 6th, the Trumps will be invited to share the gathering flame with Congresswoman Barbara Lee and Congressman Dennis Kucinich, who've borne the impulse for The Department of Peace.

Those noted will pass the flame further to youth representatives of the nations of the world in attendance at the "Peace Monument" at the foot of the US Capitol, as well as in capitols and town centers around our world, our aspiring Global Community.

"The Light which puts out our eyes is darkness to us. Only that day dawns to which we are awake. There is more day to dawn. The sun is but a morning star."

Concluding lines of *Walden*, by Henry David Thoreau, and Revelations. 22:16.

“WE, THE PEOPLE” PREPARE FOR 2026 HOLY NIGHTS’ VIGIL & CAROL.

TO CREATE, TOGETHER, THAT FUTURE WORTH ENVISIONING FOR OUR

FOOTNOTES & BIOGRAPHIES

Mt.Vernon, Virginia

From George Washington to Benjamin Lincoln, 29 June 1788

My dear Sir,

I beg you will accept my thanks for the communications handed to me in your letter of the 3d instant . . .

No one can rejoice more than I do at every step taken by the People of this great Country to preserve the Union—establish good order & government—and to render the Nation happy at home & respected abroad.

No Country upon Earth ever had it more in its power to attain these blessings than United America.

Wonderously strange then, & much to be regretted indeed would it be, were we to neglect the means, and to stray from the road to which the finger of Providence has so manifestly pointed.

I cannot believe it will ever come to pass! The great Author of all good has not conducted us so far on the Road to happiness and glory to withdraw from us, in the hour of need, his beneficent support.

By folly & misconduct (proceeding from a variety of causes) we may now & then get bewildered; but I hope, and trust, that there is good sense and virtue enough left to bring us back into the right way before we shall be entirely lost. Your humble servant.

Concluding lines of the ode, “*To His Excellency General Washington,*” inscribed by the formerly enslaved negro poetess, Phillis Wheatley, the “Poet of Columbia,” offering Washington his much sought “marching orders”.

***“Proceed Great Chief with Virtue by thy side,
Thine every action let the Goddess guide.”***

The Christmas Truce occurred on Christmas Eve, 1914 when, against orders, the soldiers of the Axis and Allied forces (not Republicans and Democrats) dropped their weapons, rose up out of their trenches, their blood, sweat and tears. And . . . blessed by the season, on the darkest eve of the year the foes celebrated the birth of the light from within — as re-counted in the “testament” *Silent Night*. To one another they sang the beloved carol:

*Silent night, holy night / Stille Nacht, heilige Nacht,
All is calm, all is bright / Alles schläft; einsam wacht
Round yon virgin, mother and child*

“If we can keep people focused, outraged and divided on social issues, they won’t see our steady and relentless accumulation of power, they won’t be able to raise our taxes, limit our monopolies, or touch our political contributions. And with our money, our media power, our judges [esquires] and politicians, we will do whatever we like.”

Summary of a former presidential advisor, in *The American Prospect*.

With respect to the mounting **divisions/divisiveness**, a question, friends: If you are among those who, as noted, have counseled others to remember to “get all the facts,” that there is “always another side to the story,” that we should strive for the “fuller picture” — if you’ve advised others “*not* to believe everything they read or are told” . . . have you applied such common sense to your own political stance?

Before, that is, re-acting, re-actively, in a re-actionary way that, can one say, is seldom *pro-active* and, thereby, illuminating?

Can you imagine, friends, fellow citizens, that something beyond our all so mortal judgments, a Greater Providence may be playing itself out . . . ?

Or, if that thought is a stretch, can you en-vision the vexing vortex of divisive forces that *We, the People* find ourselves in the midst of? *Com-passion* means to *suffer-with* the other?

“Forgive them, Lord.” Those we would otherwise judge.

“For they know not what they do.”

Words And more?

Can you imagine such a labor of love as the antidote to Lincoln’s dire prophesy of the downfall, chasm that otherwise looms before us: the Veritable Abyss?

“A house divided against itself can not stand.”

SURELY, WE THE PEOPLE CAN DO BETTER, TOGETHER.

Ashanti (Ennobled) Queen Mother Bernice Atchison
the Friends of the African Union's Senior Presiding Head.

Offspring of George Washington Carver, Bernice is an Alabama gardener, farmer, the widowed wife, mother, grandmother, great-grandmother of her family of blood, and protectress and servant of her larger family of spirit, including 66,000 Black Farmers of Mother Earth for whom she prevailed in an historic law suit against the US Department of Agriculture. After decades of trials and tribulations, justice has begun to be achieved.

Following the brutal murder of Bernice's mother's, the young 8 year old raised herself, subsisting on crumbs; taught herself to read from diner menus, worked *l o n g* days and multiple jobs to become Alabama's first Black Jury Commissioner — a woman no less.

Bernice's depths of wisdom and compassion led her to become the "Mother Confessor" of Alabama's stricken Governor George Wallace. The former "racist governor" — most *progressive* before he was drawn into the vexing political arena — confided to Bernice what lay deepest on his heart. A woman of profound and abiding faith, Queen Mother's life and labors have been guided by the reminder.

DON'T BE BITTER; BE BETTER.

She is an educator and consultant, who is initiated, trained, and experienced in facilitating her authentic “Indigenous Ceremonial Change Process” she designed for Wellness Restoration.

Message of Hope: I know from my Indigenous lens that we must reframe out of unhealthy male dominance and female submission into a healthy helping teamwork between the male protector and provider life-task and the female life-giver and nurturer life task. We must use co-creative power within to eliminate the need for power-over through domestic violence in the home and lateral violence in the community of world governments.

“My hope for America is that love can be a currency for spiritual healing and abundance.” Joseph Trinh:

To be confirmed. Teresa Romero is the first Latina and first immigrant woman to become president of a national union in the United States. Teresa replaced Arturo S. Rodriguez as the third president of United Farm Workers in December 2018. Formerly the union's No. 2 officer as secretary-treasurer, she has years of experience overseeing the complex operations of a far-flung organization involved in field organizing, contract bargaining and administration, legislative and legal advocacy, and far-reaching international initiatives.

Before joining the UFW, Teresa Romero managed a construction company and a law firm that helped workers with immigration and workers compensation claims. Teresa is proud of her U.S. citizenship and proud of her Mexican and Zapotecan heritage. Teresa is widely respected by her peers for her work ethic, calm competence, relationship building, and **Si Se Puede! spirit.**

Her leadership rose to new levels in the epic farm worker march from Delano to Sacramento in 2022. She took every step alongside farm workers marching 335 miles across dusty Central Valley in the searing August heat to win farm workers the right to a safer union election process.

Revelations 22:16

“I, Xristos, have sent mine angel to testify unto you these things in the churches. I am the root and the off-spring of David, and the bright and morning star.”
